

LightninLube

KEEPING YOU GOING

As part of our commitment to our Customers and their operations, SPX has introduced LightninLube a range of gear oil for our Lightnin Mixers.

LightninLube is available to order with your new equipment or after for the life of your equipment, LightninLube is designed to keep your equipment running smoothly with the correct lubrication. LightninLube is available in 5 USGal (20 Liter) keg or 55 USGal. (205 Liter) drums so that you can hold the right quantity for your operational needs.

LightninLube is manufactured to AGMA Standard 9005-D94. Our synthetic oils are design to give you a wide operating range and are available in ISO 100, ISO 150, ISO 220 and ISO 320 grades.

Going the Distance....again and again

Want an extended warranty period? If you buy LightninLube with your Lightnin Mixer we'll give you an extended warranty* when you buy the required quantity of Lightnin Lube to see you through the warranty period. That's an additional year of warranty just for buying the lubrication you need from Lightnin.

Want more? Contact our Service department or Your Sales representative to discuss you needs.

Reordering Made Easy

LightninLube is easy to reorder to ensure you have the right quantity when you need it. Each container carries the reorder part number right on the label, the QR-Code can be scanned with any mobile device to take you straight to our reorder point at our online store. You can also go directly to our Lightnin on line store by navigating to: www.spx.com/en/lightnin/online-store. You can also contact your local sale representative to place your order.
